Exhibit Pricing

Indoor exhibits will be in two exhibit halls North & Central in the Las Vegas Convention Center in Las Vegas, Nevada.

Exhibitors with contracts submitted after the priority placement deadline (July 2021) would not be included in the booth placement appointments which will take place in August 2021. After the priority placement appointments take place in August, exhibitors, once qualified, will be placed on a first come first served basis provided they have submitted a signed contract.

Pricing colors (peach – prime, and purple, standard) outlined on the chart below will correspond with the color of the booth on the live floor plan. All exhibitors are required to be members or pay a non-member fee in order to exhibit.

Prime Pricing is what we have determined as the front of halls, closer to the entrances, and main aisles.

Standard Pricing is what we determined to be the back and sides of halls, depending on location, there will still be strong attendee traffic.

This pricing structure allows exhibitors to choose a location and exhibit space that best meets their budget and needs and allows for more opportunity for exhibitors of all sizes.
