A wide-angle photograph of a large, empty indoor sports hall. The floor is highly polished and reflects the numerous overhead lights, creating a shimmering effect. The ceiling is dark with exposed metal trusses and many small, hanging light fixtures. In the background, several white structural columns support the roof, and some equipment or storage items are visible in the distance. The overall atmosphere is bright and spacious.

North Hall - middle of the hall columns

A wide-angle photograph of a large, empty industrial warehouse. The space is characterized by a high ceiling with a complex network of steel beams and numerous bright, circular overhead lights that create a high-contrast environment. The floor is made of polished concrete, which reflects the overhead lights, creating a shimmering effect. Several large, white, cylindrical support pillars are spaced throughout the warehouse, supporting the heavy roof structure. In the background, two white pickup trucks are parked side-by-side. To the right, a blue storage container with the word "VEGAS" in yellow letters is visible. The overall atmosphere is one of a vast, open, and well-lit industrial space.
